Sofa, Easy Chair
& Ottoman

PRODUCT INFORMATION

The sofa Minima is designed by Claesson Koivisto Rune. Minima is an elegant sofa with elegant lines and lots of seating room that fits into smaller spaces. So that the furniture would not appear oversized all the corners are rounded, which means that the lines never end and the furniture has a soft and inviting appearance. The hidden legs give Minima a lightweight, floating look. Seating room has been maximized by an extra-thin backrest, which is still comfortable thanks to the loose cushions. The Minima series consists of corner sofa, ottoman, divan, sofa and easy chair.

“Minima adds a ‘mini luxury’ to our product range, with a completely new dimensioning so that people can have generous seating room with minimum dimensions,” says Anders Englund, Offecct’s head of design.

“This furniture works equally well everywhere. It can be in a home or office environment. I wish we’d already designed it when I bought my big Italian sofa!”, says Eero Koivisto of Claesson Koivisto Rune.
