Il mobile di servizio laterale strutturale, è dotato di ripiano e vano chiuso da ante scorrevoli con serratura. Le ampie dimensioni consentono di inserire al suo interno una cassettera, e garantiscono lo spazio necessario per il computer. Il passaggio cavi è garantito da un flap in tinta con la struttura.

The structural side service unit has a shelf and compartment closed by lockable sliding doors. The large dimensions allow the insertion of a drawer unit inside, and guarantee the necessary space for the computer. The cable passage is made possible by a flap that matches the colour of the structure.

L'armoire de service latérale structurale est dotée d'une étagère et d'un compartiment fermé par des portes coulissantes avec serrure de fermeture. Ses grandes dimensions permettent d'insérer un caisson à l'intérieur, et garantissent l'espace nécessaire pour l'ordinateur. Le passage des câbles est assuré par un top accès de la même couleur que la structure.
